

RECEIVER WILDES MAKES SCATHING REPORT ON STATE BANK AFFAIRS

LABOR LEADERS CITED

GOMPERS, MORRISON AND MITCHELL ARE UP AGAINST A CASE OF CONTEMPT.

(By Associated Press.)
WASHINGTON, July 20.—In the Buck stove and range case, Justice Henderson of the district supreme court today summoned Samuel Gompers, president of the American Federation of Labor, and Secretary Morrison of that organization, and John Mitchell of the United Mine Workers of America, to appear in court September 8 next to show why they should not be punished for contempt of the court's injunction order. The citation is based on a petition of the Buck Stove and Range company of St. Louis, which alleges that an order issued by Justice Gould forbidding a national boycott by the American Federation of Labor had been violated by public utterances and addresses of the three labor leaders named. It also stated that Gompers caused to be published in the Federationists, the official organ of the federation, certain articles reflecting on the court's decision and in alleged open defiance printing the name Buck Stove and Range company in the "We Don't Patronize" list.

FLEET SAILORS BURNED

ACCIDENT ON KEARSARGE, HOWEVER, NOT AS SERIOUS AS FIRST REPORTED.

(By Associated Press.)
HONOLULU, July 20.—Boat races, baseball and other sports today, and tonight a gala performance of the old opera "La Mascotte," arranged by the society women of Honolulu, were the chief features of a day's entertainment for the officers of the Atlantic fleet. There was also an excursion to Pearl harbor. The battleships of the third division, having finished coaling at Lahaina, arrived here today, thus completing the list of sixteen ships of the fleet. The bursting of a seven-inch steam pipe on the Kearsarge late Saturday proved not as serious as at first reported. Five men were scalded, three of whom were severely burned. The accident did not interfere with the sailing of the Kearsarge with the rest of the warships Wednesday for Australia.

One hundred and sixty-five officers of the fleet were taken to Pearl harbor this morning by automobiles to inspect the location of the new naval station. An automobile belonging to former Governor Carter met with a slight accident en route and Lieutenant Brainard of the Louisiana received a cut over the eye. At Pearl harbor the party was entertained by Mr. and Mrs. McFarlanes. A chowder party was a feature of the entertainment. From 3 to 6 this afternoon Rear Admiral Sperry and officers of the Connecticut were at home to friends. The vessel was gaily decorated and the decks were crowded with attractively gowned women and interested men. A distribution of fruit to the battleships under the direction of the entertainment committee was continued and many tons of tropical products were put aboard. An excursion to Pine Apple groves also was one of the features of the day's pleasure.

Tonight Rear Admiral Sperry attended dinner given in his honor by Chief Justice Hartwell. The battleship Minnesota will remain behind when the rest of the fleet sails for Australia, awaiting mail for the fleet which will arrive on the Virginia.

The crew of the Nebraska, officers and men, passed a bacteriological examination and the whole 950 have been released from quarantine restrictions. The ship was also released. Nine suspects were transferred to the hospital ship relief.

KNIGHTS ASK FOR A RETURN MATCH

(Special to The Bonanza.)
GOLDFIELD, July 20.—The Knights of Columbus of this city are still smarting under their defeat of several weeks ago at the hands of the Tonopah Knights and have determined to ask for a return match and for that purpose, if arrangements can be made, will play in Tonopah some Sunday within the next month.

Charges Incompetence and Extravagance on Part of Tonopah, Goldfield and Manhattan Managers--Says Banks Had Been Run on "Open House" Principle.

CARSON CITY, July 20.—According to a long detailed statement published this evening and credited to Frank Wildes, who was appointed receiver of the State Bank and Trust company, the affairs of the concern are shown to be in a complicated condition. He charges extravagance and incompetency and according to the statement made loans on bad security. The statement is an analysis of how they conducted the various branches. Carson City, or the home branch of the bank, is reported as being conducted in a clean manner, with loans collectable. The Tonopah branch is criticized as having been run on an open house principle; that loans were made indiscriminately. The conditions at the Manhattan and Goldfield branches, says the statement, were run about the same as the Tonopah branch.

KENNEDY STILL STANDS EXPELLED

(By Associated Press.)
DENVER, July 20.—Practically the entire morning session of the Western Federation of Miners' convention was taken up today in consideration of an appeal from the decision of the executive council by Edward Kennedy, who was expelled from the Tonopah, Nevada, union on the charge that he had attempted to blackmail Manager Daniel McDonald of the Mizpah mine at Tonopah. It was charged before the union that Kennedy obtained possession of an affidavit made by a foreign miner who alleged that he had paid McDonald \$5 for employment in the mine. Kennedy, it was claimed, tried to compel Manager McDonald to pay him \$300 to give up this affidavit. After a trial, the union expelled Kennedy from its ranks, and the latter appealed to the executive council which reversed the finding of the local union. The matter came before the convention on a motion to sustain the

executive council. The arguments at times were personal and heated, but by an overwhelming vote the council was sustained.

William D. Haywood and Vincent St. John, two of the utmost radicals of the Western Federation of Miners, were today practically ousted from the organization.

It was decided by the convention of miners that Haywood can never again hold office and that his leadership would not be sanctioned by the organization. Haywood is not even a delegate to the convention, but he has made strenuous efforts to be recognized as a leader.

St. John, who is said by the conservative members to have done more harm than good to the federation, was given his walking papers at this morning's session, though a hard fight was made to retain him by his friends.

BRYAN'S PET PLANK SPLIT BY EASTERN DEMOCRATS

Anti-Injunction Hobby Is Declared to Be Hardly Worth the Paper It's Written On.

(By Associated Press.)
FAIRVIEW, Neb., July 20.—Influential eastern Democrats today notified Bryan that in their opinion the anti-injunction plank adopted at Denver is hardly worth the paper it is written on, the reason alleged by them being that the David Hill bill, passed by the senate, which was specifically endorsed by the Democrats, simply carried out common law provision, granting a jury trial in contempt cases. "In the jurisdiction of the presiding judge," The plank was drafted on the assumption that the Hill bill was passed only after it was amended by Senator Allen of Nebraska to make trial by jury mandatory, at the demand of the defendant.

The part the prohibition question will play in the campaign was talked over between Bryan and Wiley Phillips, editor of the California Voice, of Los Angeles, who is returning from Columbus, Ohio, where he was a delegate to the national convention of Prohibitionists.

The appeal of Bryan to the farmers of the country for campaign contributions is bearing fruit. Today a number of responses were received, the sums enclosed varying in amounts. An appeal to the Democratic newspapers of the country to begin the collection of funds for the campaign was one of the important happenings of the day.

ISSUES ORDER TO RELEASE SOCIALISTS

(By Associated Press.)
LOS ANGELES, July 20.—The city council this afternoon ordered the repeal of a section of the city ordinance empowering the police commission to issue permits authorizing street speaking and adopted a resolution recommending the dismissal of cases now pending against more than a score of Socialists who are prisoners in the city jail.

RESTRICTION OF MORPHINE.

PEKIN, July 18.—China has asked Japan to consent to the restriction of the importation to China of morphine as well as the instrument used for the injection of the drug. All the other powers long since agreed to this restriction.

ACCIDENT NARROWLY AVERTED

PROMINENT REPUBLICANS SAVE LIVES BY JUMPING FROM AN AUTO.

COLORADO SPRINGS, July 20.—The first session of the Republican leaders with Chairman Frank Hitchcock of the national committee opened at 2 o'clock this afternoon and continued until 8 o'clock tonight. During this time the members of the national committee and chairmen of central state committees from sixteen states and territories addressed the assembly and explained state conditions. Tonight Hitchcock talked individually with the leaders from Western states for the purpose of working out with still greater detail plans for the opening and conducting of the campaign. Because of the late arrival of some of the western leaders, no effort was made to get together in the forenoon. Instead those men already assembled secured automobiles and made a tour of the Garden of the Gods and Manitou Springs. One of the machines was stalled on a steep hill approaching the Balanced rock and through failure of the break suddenly started down hill backward. The chauffeur commanded the passengers to jump and they succeeded in clearing the car as it reached the brink of a deep gully. The car turned turtle and was wrecked on the rocks below with the chauffeur underneath. He was not seriously hurt.
